* If you do not want individual speakers tracked, we will identify them generically (Male/Female, Moderator/Respondent, Interviewer/Interviewee, etc.)

** We will track individual speakers as Male 1, Male 2, Female 1, Female 2, etc.

We can also identify by name or some other term (Interviewer, Interviewee 1, Interviewee 2, etc.).

*** Accents can include U.S. regional dialects as well as foreign and non-American accents

† Verbatim includes all ums, ahs and stutters.
